"As a mom of two, taking only an hour nap at night, going to work a full twelve-hour shift... [UltraSlim] was my last resort. I've done fractional CO2 lasers, multiple chemical peels, IPL, and none of that worked for my face, and if it did, there was so much pre and post-care. Now with UltraSlim, my skin just feels: firmer, tighter, smoother, and softer. I just feel more refreshed."
